During the period 1970-71, the RCGP's library was reorganised and its collection of books and periodicals was transferred to the Royal College of Physicians' Library. The RCGP's library now consists of a small collection of books and periodicals which are available to members of the RCGP and to the Royal College of Physicians' Library. The RCGP's library is located in the Royal College of Physicians' Library, 11 St Andrews Place, London W1A 4JL.

1. *On the other hand, the author's statement that the "whole of the* *present* *work* *is* *based* *on* *the* *principle* *of* *the* *equivalence* *of* *the* *two* *systems*

and the total length of the sheath was measured. The mean length of the sheath was calculated for each group. The mean lengths of the sheaths were compared by analysis of variance. The effect of the different treatments on the mean length of the sheath was tested by the Tukey HSD test.
